We offer support to any family with children that have additional needs within Ripon and the surrounding area

Ohana is a parent initiated, professionally led group offering support and friendship to all families coping with the unique challenge that is involved in raising a child with special educational needs or a disability. Having gained charitable status in 2015, we share our experience of living and working with children with additional needs to bring positive change to the community. There is no need to have a diagnosis or an official referral.
